

## Company Profile: Greentek™ – AI LEXICONTECH DEVICES PVT LTD

### About Us

Established in **2005**, **Greentek™**, the brand of **Ai Lexicontech Devices Pvt. Ltd.**, is a technology-driven company specializing in **embedded product design, original equipment manufacturing (OEM/ODM), and commercial kitchen automation**. Headquartered in **Chennai, India**, we are committed to delivering high-efficiency, precision-engineered induction-based cooking and heating systems tailored for commercial and institutional foodservice environments.

Backed by a team of skilled engineers and designers, we take pride in building **intelligent, energy-efficient, and customized solutions** for central kitchens, institutional caterers, and food-tech businesses.

### Vision

To be a trusted global partner in **commercial induction technology and embedded systems** delivering innovative solutions that create long-term value for customers, partners, and the broader community.

### Mission

To empower foodservice operations with sustainable, cost-effective, and technologically advanced cooking solutions through agile product development, precision engineering, and unmatched after-sales support.

### What We Do

#### ☐ Design & Development

- Embedded system design and product engineering
- Rapid prototyping and product customization
- Electronic hardware and firmware development

#### ☐ Manufacturing

- Design and manufacture **OEM/ODM** induction-based cooking and heating systems.
- Deliver full-cycle manufacturing—from concept to commercial deployment.
- In-house quality control and testing systems

#### ☐ Kitchen Automation

- Custom-built induction equipment for bulk cooking

**AI LEXICONTECH DEVICES PVT LTD**

- Integration of sensors, PLCs, and smart interfaces for consistent results
- Automation support for HACCP and safety compliance

## Product Portfolio

**Greentek™** signature offerings include:

- Induction Boiling Pan (Direct Heating) 100L / 200L / 300L / 400L.
- Induction Boiling Pan (Indirect Heating) 100L / 200L / 300L / 400L.
- Induction Cooking Mixture Machine. 100L / 200L / 300L / 400L.
- Induction Brat Pan. 100L / 200L / 300L.
- Induction Frying Pan. 550MM / 700MM / 800MM / 1000MM
- Induction Steamer. 120 IDLI / 240 IDLI / 300 IDLI
- Induction Hot Plate. 3\*2FEET / 4\*2FEET / 5\*2FEET
- Induction Bulk Cook-Top. 65L
- Induction Chinese Wok. 500MM

Each product is designed for **energy efficiency**, **uniform heat distribution**, and **industrial reliability**, making them ideal for central kitchens, cloud kitchens, canteens, and institutional catering setups.

## Why Choose Greentek™

- ✓ **Energy-Efficient** – Achieve up to 60% savings compared to conventional burners
- ✓ **Tailor-Made Engineering** – Modular systems customized to your kitchen workflow
- ✓ **Compact & Scalable** – Optimized for space-limited commercial kitchens
- ✓ **Quick Deployment** – Agile engineering ensures shorter lead times
- ✓ **Nationwide Support** – PAN-India service network for on-site assistance

## Clientele & Partnerships

We proudly serve a growing roster of **government agencies**, **industrial food processors**, **hotel chains**, and **central kitchens** across India and abroad. Our commitment to **innovation**, **compliance**, and **long-term value creation** has earned us enduring partnerships across sectors.
